Warranty Policy

Shipping Costs

Customer assumes all costs in shipping to us, and we assume the cost in shipping back to the customer. All replacement products are shipped USPS unless a rush is requested. The cost of such a shipping upgrade is to be paid by the customer prior to shipment.

Warranty Procedure

We suggest you contact our office first to determine whether the item is indeed defective before returning to our office. Then make an online return merchandise authorization (RMA) request. See Return Policy for more details.

30-Day Warranty

All products (unless specifically stated otherwise), carry an implied, industry-standard 30-Day warranty against defects due to manufacturing. Warranty does not include any use of the product that does not fall into the designed use of the product as intended by the manufacturer.

Out of Stock Policy

- The most important thing to keep in mind when ordering is that our stock balances can fluctuate throughout the day with sales demand and stock that we receive from the manufacturers. Items are constantly being sold and our stock is constantly being replenished. If the item is identified as "Out of Stock", we will ship it as soon as we get it. Most items ship within 1 week.
- Just because the item you ordered is NOT identified as out-of-stock does not necessarily mean that it will be in-stock at the moment you order it. We will notify you if the item you ordered is out-of-stock. We first try to reply via email and give you 3 days to reply. If we have not heard from you we will then try to call you at the numbers you provide with your order. Be sure to give us your current email address and phone number.
